## Celebrate Life Insurance Awareness Month

### Life Insurance Awareness Month

September marks Life Insurance Awareness Month so now is a good time to evaluate your needs. If you already have a policy, is it enough? With many costs still rising (health care, auto and home insurance, electricity, etc.), does the coverage you created years ago still meet rising costs that your loved ones would face today or in the extra years ahead?

No life insurance? If cost is holding you back, you might be surprised to learn the affordable cost of a life insurance policy. In fact, most people overestimate the cost of a typical term life insurance policy for themselves by about 10 to 12 times more than its true cost\*. But that statistic is no match for the fact that 47% would feel a financial impact in less than six months after the loss of a partner\*.

Now is the time to prioritize life insurance. Contact your Gleaner Life agent today to review your policy. Don't have a Gleaner agent? Visit [www.gleanerlife.org](http://www.gleanerlife.org) to get started.
